POWERPOD

Warranty Terms & Conditions

Hardware warranty coverage for POWERPOD EV Charging Stations

WARRANTY DOCUMENT

Document No.	**RD026**
Date	**December 2025**
Drafted by	**RIOD India**
Website	**riod.energy**

Warranty Overview

RIOD Logic Pvt. Ltd. (RIOD) warrants that the POWERPOD EV Charging Station hardware will be free from defects in materials and workmanship for a period of 24 months from the date of installation or 27 months from the date of invoice, whichever is earlier.

This warranty applies exclusively to hardware components manufactured or supplied by RIOD. Software, firmware, third-party applications, cloud services, and mobile applications are provided as-is and are not covered under this warranty.

What is Covered

- Manufacturing defects in hardware components
- Faulty electronic modules (PCB, relay, contactor, energy meter)
- Defective charging connector or cable (if supplied by RIOD)
- LED indicator malfunction
- RFID reader hardware failure
- Enclosure and housing integrity defects
- Internal wiring and terminal connection defects

What is NOT Covered

- Software, firmware, mobile app, or cloud platform issues
- Third-party systems, accessories, or components not supplied by RIOD
- Damage caused by improper installation not performed by RIOD-authorised personnel
- Damage from power surges, lightning, flooding, or other natural events
- Physical damage from misuse, abuse, tampering, or unauthorised modifications
- Normal wear and tear including cosmetic damage
- Damage from use outside specified operating conditions
- Consumable parts (fuses, if applicable)

Software and Third-Party Disclaimer

All software, firmware, mobile applications, cloud services, and third-party integrations provided with or connected to POWERPOD products are provided as-is, without warranty of any kind. RIOD makes no representations or warranties regarding the availability, reliability, or performance of any software component.

This includes but is not limited to: Community Charging Suite, EVSE Operations Suite, OCPP integration with third-party CMS platforms, mobile applications, firmware updates, and any cloud-based dashboards or analytics.

Warranty Claim Process

1. Contact RIOD support at support@riodlogic.com with the device serial number and description of the issue
2. RIOD support team will perform initial diagnosis and may request photos or remote diagnostics
3. If the issue is confirmed as a hardware defect covered under warranty, RIOD will arrange for repair or replacement
4. Repair or replacement will be completed within 15 business days of confirmed warranty claim
5. Replaced parts become the property of RIOD

Warranty Conditions

- The charger must be installed by RIOD-authorised personnel or a certified electrician following RIOD installation guidelines
- The device serial number label must be intact and legible
- The device must not have been opened, tampered with, or modified by unauthorised personnel
- The device must have been operated within the specified voltage, temperature, and humidity ranges
- Proof of purchase (invoice) must be provided with any warranty claim

Limitation of Liability

RIOD's liability under this warranty is limited to repair or replacement of the defective hardware. RIOD shall not be liable for any indirect, incidental, consequential, or punitive damages arising from product use or inability to use the product.

RIOD's total liability shall not exceed the original purchase price of the product.
